COMMUNITY SERVICE TAX CREDIT
OPPORTUNITY**

3-D MAMMOGRAM MACHINE

What are Tax Credits?

The Kansas Tax Credit program allows the tax payer to decide what programs their state tax dollars support. If selected, RRH can fund most of the cost of a 3-D Mammogram Machine for use in the Radiology Dept. Anyone that pays Kansas Income Tax can receive a tax credit. Including individuals and businesses. (Corporations, banks, trust companies, or savings and loan association, and insurance companies). Minimum pledges are \$250.00. Eligible donors will receive a credit equal to 70% of the amount contributed. Example: If you purchase \$500 of tax credits for the RRH project, you get 70% of the \$500 credit on your Kansas income tax. (\$350.00 credit on your Kansas income taxes). The more tax credits you purchase, the more money you keep in your pocket, while choosing where your state tax dollars are invested.

*Pledges accepted until Monday, April 19th,
2021.*

3D Digital Breast Tomography was approved in 2011. Russell Regional Hospital would like to upgrade to this system to serve our existing clients and increase client usage due to the updated technology that the medical profession prefers which is the 3D Digital machine. The total cost of the machine is \$276,302. The Community Tax Service Program would allow (if approved) for \$250,00 of the cost to be covered through tax credits. Over 500 mammograms are requested currently, with new technology we estimate 600 or more clients would utilize the service at RRH.

**"EACH MONTH RRH RADIOLOGY HOSTS MAMMO NIGHTS TO INCREASE THE OPPORTUNITY AND CONVENIENCE FOR CLIENTS TO RECEIVE SERVICES LOCALLY. PREVENTION, ACCESS & QUALITY ARE PRIORITY TO US IN SERVING OUR CLIENTS." DREW HAMEL
- DIRECTOR, RRH RADIOLOGY & RUSSELL HIGH SCHOOL ALUMNI**

If you would like to participate in the Community Service Tax Credit Program and be part of bringing new technology to your local community and hospital, contact Janae Talbott, Public Relations, at 785-483-3131 or janae@russellhospital.org by April 19th, 2021.
